Mushroom Veggie Quiche

Vichna Belsky

Ingredients

onion
mushroom
red pepper
spinach

3 eggs
3/4 cup milk
1 cup mozzarella cheese
1/4 tspn salt
dash pepper
dash cinnnamon, optional

Method

1. Saute onion, mushroom, red pepper and spinach in proportion of your liking until soft.
2. In a large bowl, mix remaining ingredients. Add 1 1/2 cups of sauted veggies.
3. Pour into pie crust and bake at 350 for 45 minutes.

I baked mine the toaster-oven, the top gets more well done that way. If you like it more evenly done, bake it in a regular oven.

A good way to prevent messy spills in the oven is to put the pie crust on a lined cookie sheet, or gently lower it into a 9x13 pan. Then the pan catches all the drips so your oven stays clean.
